

Welcome to VEH 2022

The 4th International Conference on Vibration and Energy Harvesting (VEH 2022) will be held in Xiangtan, Hunan, China during **11-13 Nov, 2022**. The General Chairs are Kexiang Wei, Wenming Zhang and Ronghua Du. The Honorary Chairs are Chris Bowen, Jinyue Yan and Lei Zuo. The conference will focus on advances in the field of vibration and energy harvesting (VEH), and will provide an international platform for researchers from all over the world. There will be Keynote talks in VEH 2022.

Researchers can share their latest works on the development of the theories and technologies related to vibration analysis, energy harvesting and their applications. The selected best papers and presentations will be recommended to submit to SCI/EI journals for a possible publication after regular review process.

Conference Topics (BUT not limited)

- 01 Nonlinear Vibration Theory, Dynamic Modeling, and Analysis Methods
- 02 Electromechanical Conversion Mechanisms and Functional Materials
- 03 Mechanical Energy Harvesting and Its Applications (Vibration, Rotational Motion, etc.)
- 04 Mechanical Energy Harvesting and Its Applications (Fluids, Waves, etc.)
- 05 Mechanical Energy Harvesting and Its Applications (Human Motion, Vehicles, etc.)
- 06 Self-Powered Sensors and Systems; Self-Powered Drive and Micro-Nano Robots
- 07 Nano Energy Applications in MEMS, E-skin, and AI
- 08 Energy Storage and Self-Charging Power Systems
- 09 Acoustic/Mechanical Metamaterials for Energy Utilization and Harvesting
- 10 Vibration Control and Utilization and Other Related Topics

Important Dates

- Early Bird Registration Deadline: **September 30, 2022**
- Abstract Submission Deadline: **September 30, 2022**
- Full Paper Submission Deadline (Optional): **September 30, 2022**
- Conference Date: **November 11-13, 2022**

Keynote Speakers

1. Prof. Jinyue Yan, Sweden
2. Prof. Chris Bowen, UK
3. Prof. Lei Zuo, USA
4. Prof. Li Cheng, HK, China
5. Prof. Guang Meng, China
6. Prof. Mickaël Lallart, France
7. Prof. Kimihiko Nakano, Japan
8. Prof. Daniil Yurchenko, UK
9. Prof. Shengxi Zhou, China
- ... Updating

Paper Submission

- You can submit an “Abstract” or a “Full-length paper”.
- Best papers/presentations will only be selected from “Full-length paper” submission.
The papers must be written in English and prepared according to the Word templates at <https://veh2022.scievent.com/image/b9512aa356ed4d93ac73fd9b7f2b698e.docx>
- All papers should be submitted via the conference website:
<http://veh2022.scievent.com/submission/guidelines/>

Registration Fee

Registration fee is required for the participating scholars. The registration fee can be paid by CNY, which includes the conference materials, lunches, coffee breaks, and banquet dinner. Due to COVID-19, scholars outside the Mainland China can attend the online programs, they are exempt from registration fee.

Registration Type	Early-bird (before Sep 30, 2022)	On-site
Regular	3100 CNY	3800 CNY
Student/ Entourage	2100 CNY	2800 CNY

The 4th International Conference on Vibration and Energy Harvesting Applications

11-13 November 2022
Xiangtan·Hunan·China

Program

DATE	TIME	ACTIVITIES
Nov 11, 2022	Morning	On-site Registration
	Afternoon	Young scholars Salon, Committee meetings
Nov 12, 2022	Morning	Opening Ceremony, Keynote Talks
	Afternoon	Keynote Talks
Nov 13, 2022	Morning	Invited Talks and Oral Presentations
	Afternoon	Technical tour and leave

Venue
